

## Logging in with Clever from Home: Kindergarten-4th Grade

The Hamilton School District is using Clever in grades K-4 as a way to support student access to the many applications we use. Clever is an easy way for your child to log in and learn with all of the online programs they use at school. With their own personal portals, students can learn with resources selected by their teacher and district. Schools use Clever so students can have all of their digital resources in one place.

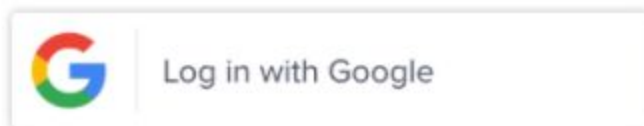

With Clever, you only have to remember **one username and password**, or use a [Clever Badge](#), to log into all your applications. Once signed-in to Clever, students will have one-click access to commonly used sites such as Seesaw, Fastbridge, TCI Science Alive (K-2), Typing Agent (3-4) and Wixie (K-3).

**Students in grades K-2** received a Clever Badge at their Great Start Conference. On any device that has a camera, students may go to <https://clever.com/in/hamilton-school-district> (or [download the Clever App](#)) and scan their badge.

- If your device does not have a camera, the student can log in with Google (see below).
- If you have misplaced your Clever badge, a replacement badge cannot be sent to you via email. You can pick up an additional badge from your student's home school main office *or* the student can log in with Google (see below).

**Students in grades 3-4** will go to <https://clever.com/in/hamilton-school-district> and choose [Log in with Google](#). They can then enter their username (example: [dragcat@hamiltonstudents.org](mailto:dragcat@hamiltonstudents.org)) and password.

### Other Troubleshooting Tips and Resources:
